

## NIGERIA AGROFOOD EXPO 2017 - INTERNATIONAL FOOD, AGRICULTURE AND TECHNOLOGIES EXHIBITION

13-15 JULY 2017

### Agrofood; The Exhibition That Steer The Nigerian Food, Agriculture, Agriculture Technologies' Economy

AgroFood Nigeria is opening its door on 13 – 15 July 2017 with the organization of Elan Expo at the Landmark Centre in Victoria Island, Lagos.

Nigeria aims to develop the food and agriculture technologies sector with latest investments. However, it is still at an important importer position. As it is in other clime, there are continuous demands and development in food and agriculture sectors in Nigeria.

The power of 182 million people and the growing purchase potential makes Nigeria an inevitable import center for the sectors. As a result of these potentials and necessities, the Nigeria AgroFood brings together manufacturers of food and agriculture technologies from different countries to Nigeria. In this way, while exhibitors meet their potential buyers, visitors can find wide range of products according to demands and needs.

The Nigeria AgroFood Expo is the meeting point for policy makers, Industry professionals, Captains of industries and other stakeholders to meet, see and experience first-hand the latest trends and technologies in food and agriculture technologies, therefore discovering new ideas and strengthening business partnerships.

Nigeria AgroFood has wide range of product for all segments such as, **Food processing, packaging machineries; beverage and beverage technology; frozen, bottled, canned, chilled, live, diet foods; milk and milk products; meat and meat products; agricultural products, machineries, equipments and accessories; seeds, chemicals, fertilizers, plant protection drugs; water treatment and water management systems; packaging systems & products** and more product are exhibited in this important event. Aside the wide range of products, The Nigeria AgroFood Expo offers these products with special campaigns and events during the exhibition.

**Be a part of this lucrative event with numerous local and international industry leading companies by visiting the Nigeria Agrofood Expo on 13-15 July at the Landmark Centre, Victoria Island, Lagos.**

Elan Expo gives opportunity to enter new market for exhibitors with its experience since 1997. Thanks to its 20 years knowledge and successful outings, Elan Expo succeeds to search new markets, and has led companies to the right markets in more than 30 countries
